Note the Following as You Pursue this Program:

- 1) Please see our web site for more information at: http://ed.isu.edu/spel/SPEL_School_Psychology.shtml
- 2) You must be *admitted* to the Graduate School and *accepted* by the School Psychology Program to *register* for courses in any term. Follow this schedule to register for courses, do not self-advise, check with your School Psych advisor & complete your **Program of Study** promptly! This program follows a specific "sequence" of courses showing when and the order they are available, please follow the sequence.
- 3) ¹Terms used: A) **E-Learn** Means 100% of course is online; B) **Classroom** means student and teacher are physically in a classroom setting with each other; C) **Hybrid** means that there is a combination of E-Learn and Classroom elements in the course.

- 3) E-learners are required to complete exactly the same requirements as other Candidates. E-Learn does not eliminate the necessity of regularly scheduled E-learn class-times or other meetings scheduled by the instructor.
- 4) *The terminal degree for our program is the Ed.S. School Psychologist, which will allow you the opportunity for state certification and becoming a Nationally Certified School Psychologist. The M.Ed. will afford you a masters' level degree and employment opportunities that support the testing role, but this degree is not a substitute for the Ed.S. School Psychologist professional degree.*
